A SUMMARY OF HOUSE BILL 4322 AS INTRODUCED 2-21-01

The bill would amend the Insurance Code to require that a long-term care insurance policy that provides coverage for home care or assisted living services define and provide a detailed explanation, in plain English, or what home care or assisted living services are covered. In addition, a policy that provides coverage for assisted living facility stays would have to define in plain English what assisted living facilities were covered.
