The following message from the Governor was received July 15, 2022 and read:

**EXECUTIVE ORDER**  
**No. 2022-4**  
**Unavailability of Interstate Extradition**

Abortion has been legal in all states and territories of the United States since the U.S. Supreme Court’s 1973 decision in *Roe v. Wade*. For nearly 50 years, women have had the right to secure crucial, medically necessary health care—and with that right, the freedom to make decisions about their pregnancies that benefit themselves and their families.

Recently, in *Dobbs v. Jackson Women's Health Organization*, the U.S. Supreme Court overturned *Roe* and held that abortion is not a fundamental right under the U.S. Constitution. A woman's right to health care, and the protection of her bodily autonomy and economic freedom, are now subject to the whims of state legislatures and will be unevenly protected across the United States.

Michigan has a 91-year-old statute on the books that purports to criminalize the provision of abortion except when necessary to save the life of a pregnant woman, without exceptions even for rape or incest. Though it is currently enjoined, the law exemplifies the grave threats women and health-care providers face throughout the United States.

I have brought a lawsuit challenging that law. Whatever the U.S. Supreme Court says about the U.S. Constitution, the Michigan Constitution contains a right to privacy and bodily autonomy that makes the 1931 law invalid. In addition, Michigan's Equal Protection Clause forbids discriminatory laws like the criminal abortion statute, which is premised on outdated sex-based classifications and overbroad generalizations about the role of women in the workforce and in families.

I have also taken executive action to promote access to reproductive health care. In Executive Directive 2022-5, issued on May 25, 2022, I instructed my departments and agencies not to cooperate with or assist the authorities of any state in any investigation or proceeding against an individual for obtaining or providing, or assisting another to obtain or provide, any legal reproductive health care. I also required them to provide information on ways they could increase the protection of reproductive rights in Michigan and make more information about reproductive choice available to Michiganders. As a result, we have published new guides to give people information about available contraception and family-planning options.

But there is more work to be done. I cannot in good conscience participate in other states' efforts to make it a crime to exercise a fundamental right or to punish health-care providers. A woman's health, not politics, should guide life-changing medical decisions.

Acting under the Michigan Constitution of 1963 and Michigan law, I order the following:

1. The Office of the Governor will decline to assist with or effectuate the extradition of persons to or from Michigan when the charged criminal conduct is the provision of, receipt of, securing of, or assistance with reproductive health-care services, including abortion.
2. Consistent with the requirements of Article IV, Section 2, Clause 2 of the U.S Constitution, paragraph 1 does not apply when the person who is the subject of the request for arrest or surrender was physically present in the requesting state at the time of the commission of the alleged offense and thereafter fled from that state.

GOVERNOR

Jocelyn Benson

SECRETARY OF STATE

The following message from the Governor was received July 15, 2022 and read:

**EXECUTIVE ORDER**  
**No. 2022-5**  
**Michigan Parents' Council**  
**Michigan Department of Education**

Parents are their children's first and most important teachers. As a mother who sent both of her daughters to public schools, I understand firsthand the importance of family involvement in a child's education. When parents and schools are close partners, kids thrive. Communities across Michigan have strong formal and informal opportunities for parents, educators, and schools to work together to support kids. Opportunities to continue to engage with parents and families at the state level will help ensure every child receives an excellent education.

This year's School Aid Act shows what public officials can achieve when they listen to parents. As I have traveled the state, parents' consistent message has been to invest in education: invest in teachers and support staff; invest in mental health supports; and invest in school safety. With strong parental support, I have done that. This year's budget marks the highest per-pupil state funding in Michigan history—\$9,150 for every child, in every district, to help them learn in-person. It also invests additional resources for the nearly 200,000 special education students and nearly 750,000 at-risk students in Michigan.

Organizing conversations across the state to engage with families throughout the fall will only strengthen the work of state government on behalf of Michigan's kids. These conversations will guarantee that the voices of parents and families are at the forefront in informing education policy and budget recommendations for Michigan's next budget cycle.

Section 1 of article 5 of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the governor.

Section 8 of article 5 of the Michigan Constitution of 1963 places each principal department of state government under the supervision of the governor unless otherwise provided.

Section 8 of article 5 of the Michigan Constitution of 1963 obligates the governor to take care that the laws be faithfully executed.

Acting under the Michigan Constitution of 1963 and Michigan law, I order the following:

  - (2) Amplify common themes and ideas presented by parents at regional roundtables to inform the governor's policy agenda and budget recommendations.
  - (3) Share input and feedback on education proposals and policies presented by the governor or state superintendent, or their representatives, informed by roundtable discussions.
  - (4) Provide other advice and take other action as requested by the governor, or her representative.
- (b) The Council must submit a report to the governor highlighting major themes from the regional roundtables and summarizing education proposals for potential inclusion in the governor's budget recommendation by December 9, 2022, or such other time as the governor directs. The Council will dissolve on March 1, 2023, or such other time as the governor directs.

**3. Operations of the Council**

- (a) The Department must assist the Council in the performance of its duties and provide personnel to staff the counsel. Any budgeting, procurement, and related management functions must be performed under the direction and supervision of the state superintendent, or his designee.

The Council also may consult with outside experts to perform its duties, including experts in the private sector, organized labor, government agencies, and at institutions of higher education.

- (i) The Council may hire or retain contractors, sub-contractors, advisors, consultants, and agents, and may make and enter contracts necessary or incidental to the exercise of the powers of the Council and the performance of its duties as the state superintendent deems feasible, advisable, and necessary, consistent with this order and applicable law, rules, and procedures, subject to available funding.
- (j) The Council may accept donations of labor, services, or other things of value from any public or private agency or person. Any donations must be received and used in accordance with law.
- (k) Members of the Council must not receive additional compensation for participation on the Council. Members of the Council may receive reimbursement for necessary travel and expenses, consistent with applicable law, rules, and procedures, subject to available funding.
- (l) Members of the Council must refer all legal, legislative, and media contacts to the Department.

**4. Implementation**

- (a) All departments, committees, Council members, or officers of this state must give to the Council, or to its chairperson, any necessary assistance required by the Council, or its chairperson, in the performance of the duties of the Council so far as is compatible with their duties and consistent with this order and applicable law. Free access also must be given to any books, records, or documents in their custody relating to matters within the scope of inquiry, study, or review of the Council, consistent with applicable law.
- (b) Nothing in this order should be construed to change the organization of the executive branch of state government or the assignment of functions among its units, in a manner requiring the force of law.
- (c) If any portion of this order is found to be unenforceable, the unenforceable provision will be disregarded and the rest of the order will remain in effect as issued.
- (d) Executive Order 2011-7, section II(B), is amended as follows: “The Director of the Department of State Police” is hereby replaced with “The Director of the Michigan State Police, or his or her designee”; “The Director of the Department of Human Services, or his or her designee” is hereby replaced with “the Director of the Department of Health and Human Services, or his or her designee”; and “The Director of the Department of Community Health, or his or her designee” is deleted.
- (e) This order is effective upon filing.

GRETCHEN WHITMER  
 GOVERNOR  
 By the Governor:  
 Jocelyn Benson  
 SECRETARY OF STATE

The message was referred to the Clerk.

The following message from the Governor was received July 18, 2022 and read:

**EXECUTIVE ORDER**  
**No. 2022-6**  
**Declaration of State of Emergency**

On May 12, 2022, a significant weather system moved through parts of northern Michigan, bringing thunderstorms and heavy rains that set the one-day rainfall record for the local National Weather Service office. Marquette County, including the City of Ishpeming, experienced flash flooding that caused many roads to be impassible to emergency vehicles and resulted in substantial road damage. As a result of the storm and flash flooding, Marquette County declared a local state of emergency on May 24.

Local officials took several actions to respond to the situation, including but not limited to activating the disaster or emergency response and recovery aspects of their emergency operations plans, implementing emergency protective efforts to mitigate damage to public property, and diverting traffic from affected areas. Despite local response efforts, the City of Ishpeming and Marquette County both experienced widespread damage to their road infrastructure, including approximately twenty road closures across the County due to complete or partial failure of the road surfaces. Restoring those roads to the condition that they were in before the storm has and will require a large investment from the County and its municipalities. State assistance and other outside resources are necessary to effectively respond to and recover from the effect of this emergency, to protect public health, safety, and property, and to lessen or avert the threat of more severe and lasting harm.

Section 1 of article 5 of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the governor. Under the Emergency Management Act, 1976 PA 390, as amended, MCL 30.403(4), “[t]he governor shall, by executive order or proclamation, declare a state of emergency if he or she finds that an emergency has occurred or that the threat of an emergency exists.”

Therefore, acting under the Michigan Constitution of 1963 and Michigan law, including the Emergency Management Act, 1976 PA 390, as amended, MCL 30.401 to 30.421, I order the following:

1. A state of emergency is declared for Marquette County.
2. The Emergency Management and Homeland Security Division of the Department of State Police must coordinate and maximize all state efforts and may call upon all state departments to utilize available resources to assist in the designated area pursuant to the Michigan Emergency Management Plan.
3. The state of emergency is terminated at such time as the threats to public health, safety, and property caused by the emergency no longer exist, and appropriate programs have been implemented to recover from the effects of this emergency, but in no case later than August 15, unless extended as provided by the Emergency Management Act.
